TERRIERS GAIN NAME BY DIGGING IN EARTH

Activity in Pursuing Animals Into Their Burrows Is Dog's Real Use.

MANY VARIETIES EXIST

As a handy, useful, watchful and sa-As a handy, decid, garden there is no dog that ber 11. can beat a terrier. He is a bright dog, word terra—ground. In other words, a terrier is a ground dog—one that is supposed to go to ground after the destructive creatures that take shelter under ground, either in their own burrows or those they have taken from other animals. In some instances, however, different animals will GV= on terms of amity in the same earth, notably the balger and the fox; but the terrier is supposed to take on either of these punishing creatures and fight them Katydids.

new terriors have come into existence. There have been the rough terriers of England, Ireland, Scotland and Wales. All of these were in their earth going stage, moderately low on the leg as compared countries, with the exception of certain of the Scottish terriers and those of west Wales, the latter being of the Scalyham

The old black and tan colored rough haired terrier of England was not a tall dog, but his hair was hard, his pluck undoubted and he could go at a pace that would allow him to keep up, or at least be near at hand when his big companions, the foxhounds, had run a fox to earth. It was then that the terrier's work began, and that is the reason one of the most popular of all our dogs is called the fox foxbounds. Most of the other terriers foxbounds. Most of the other terriers he day are too big for this work. A is only a small animal. He appears because of his length and his bushy shor tail. His limbs are light and his vissmall. The average one would weigh then pounds or less. It is obvious the can get to places where big ters cannot go. And that is the reason the question of size in fox terriers of often debated. There is a tendency greed big fox terriers in these days for show ring, and in several cases these search of the debated. is then that the fighting instincts of

his ancestors demonstrate themselves, and the youngster, forgetting previous punish-ment, dashes in and ends his victim. Let him break every bone in the rat's body It is his desire and his sweet revenge.

As long as that dog lives a rat trap will

at once arrest his attention. A good plan to teach pupples to hunt rats is to place some rats in a sack and trail the bag along the ground, for from the earlier kill-ings they are well aware of the scent of their first game. When the trail has been d take the puppy or pupples out and ourage them to pick up the scent and follow it of their own accord. When

nore invigorating and health giving life who goes away into the woods or on the river, creek and brooksides with his terriers? The dogs are conwith his terriers? The dogs are con-tinually hunting and often find and dis-turb some animal or bird that would have remained unseen had it not been for the dogs. The very wildest of animal nature is disclosed, and it is alert and will or a rabbit, in its alert and will of several wilners, including an animal than the rodents in the park or the naturalist's store. It is not necessary to destroy to be able to observe ach antisals, and it is the smart way in which the terriers find them that counts so much.

Champion Sun of Llenrud won in the open class for red or sable dogs at the show of the Pekingese Club in a class of twenty-two high class specimers. He was whelped October 24, 1911, and bred by Mrs. James and is by Su-Ni out of Cum-

ton terriers. Cairn terriers, Dandie Din-mont terriers, fox terriers, smooth and wire haired; Irish terriers, Scottish ter-This westall to Come Here.

If all goes well a wonderfully good built before the purpose of worrying verming of the destructive and marauding kinds.

In the case of Airedales and Irish they are too big to go to record, they are too big to go to record they are too big to go to record they are too big to go to record the beautiful and the beautiful and

This is in his subordinate attendance upon the chase.

In fidelity, sagacity, courage, as well

as the most incredible endurance of fatigue and hunger terriers are inferior to no ramification of the canine species A single-terrier makes a good house dog a guard, a companion, a vermin killer and if needs be, a hunting dog.

DOG LOVERS MEET AGAIN

Arrangements for Benefit Made-Muzzle Everything, Says Verse.

The regular weekly meeting of the Dog Lovers Protective Association was held last evening at the Gregorian Hotel, Mrs. A SUCCESS IN EVERY WAY Carl Beaumann was in the chair, principal business discussed was the co ing entertainment to be held for the bene It of the society at the Bradbury Plano Company's rooms in Brooklyn on Novem-

All members of the society are always ready with his tongue, and he can quested to be present at the meeting next bite if need be, for all terriers are looked Saturday evening when the tickets will be upon as more or less game. For centuries ready for distribution and the final arthey have been called upon by men to perform hard and daredevil tasks. The very name terrier comes from the Latin evening. Among other things of interest word terra-ground. In other words, a ter-

RECENTLY IMPORTED DOG WINS. Sunshine Girl Gains Quick Recogni-

hibited a good Yorkshire terrier bitchest the Dogs in Toyland show on Wednesday night. Her name is Sunshine Girl and she is a recently imported specimen, small. by Miss Kennedy, who for a long time has had a high appreciation for these wonderful specimens of what the dog breeder can produce. Sunshine Girl weighs 2% pounds; yet she moves about like a show hackney. Her coat was not in its best condition last week; it could have been brushed out more and made the most of by the aid of a proper brush.

Association, Colorado Kennel Club, Wisnahickon Kennel Club, Eehigh Valley Kennel Club, Winnipeg Kennel Club, Fort Orange Poultry, Kennel and Pet Stock Association and Southern Kennel Publishing Company.

There are money prizes in the regular classes and sixty-five special prizes of considerable value. The show will remain open from 16 A M. sound and a winner on the other side. Sunshine Girl was purchased in London by Miss Kennedy, who for a long time has

y the ald of a proper brush.

Her color could be improved about th face—it might be richer in the deep gold shade. Mr. Breese soon recognized the quality and build of Miss Kennedy's new dog and gave her first prize in a good

MARK CROSS FIRM ASSISTS.

Now Provides Line of Comfortable Muzzles for All Dogs.

The well known London and New York firm of Mark Cross has eliminated in no small way the horrors that the new muzzling order decreed by the Board of Health of New York held for owners and lovers of dogs, and most particularly for women who have as pets and guards for the home the noseless varieties, such as English and French bulldogs. English toy spaniels, Japanese varieties, such as English and French buildogs, English toy spaniels, Japanese spaniels and the sharp nosed little Pomeranians, toy poodles or Maltese terriers that the most delicate of silken leashes will keep in check on the public highways, yet by their great sagacity and little barks have scared away the biggest of burglars in the homes of their owners.

For every size and shape of canine head and face this firm has provided nead and face this firm has provided comfortable muzzles at its new Fifth avenue and old downtown Broadway stores, and in a very obvious way has "tempered justice with mercy."

PRAISE FOR THE DOG AS MAN'S PROTECTOR

Muzzling Ordinance Calls Forth Eloquent Eulogy of Canine Race.

J. G. Rossman, 60 Wall street, a well sociation, writes the kennel department of The Sun as follows: "There is a well founded belief among many admirers of the dog that the drastic

legislation and unnecessarily harsh measures recently directed against dogs in New York city are but the beginning of a cam-paign by well meaning but misguided officials to eventually eliminate dogs from New York city altogether. "In defence of 'man's most faithful

"In defence of 'man's most faithful friend' I would ask all to be kind to him, be just to him, and would commend the following brief tribute to your read-

"Did you ever stop to think that in all the great animal kingdom, with its thou-sands of creatures, just one, the dog, has left its own kind and come over to man and made of him a god, a master, a being to serve, venerate, love, caress, suffer for, and if need be, perish for.

"Your horse, your cow, your sheep, may have some affection for you, but not one of them would endeavor to protect you were you attacked. Their instinct and love do not reach the reasoning point where they would or could repay kindness with devotion.

"Here is an animal that bases its ex-

istence on love for humans. Here is a creature that will desert its own offspring to follow a master or mistress There were no winners' ratings in the buildog classes. In pupples and dogs the winners in their respective classes were:
